

RETINAL EVALUATION CONSENT

An important part of your ocular health exam is the retinal evaluation. It enables the doctor to evaluate the health of your body by looking at the blood vessels, nerves, and other components inside your eye.

This evaluation is recommended once a year.

It is highly recommended for first time patients, patients with vascular diseases (diabetes, high blood pressure, high cholesterol), and patients with high prescriptions.

PLEASE INITIAL ONE BOX BELOW

iWELLNESS EXAM

INCLUDES DIGITAL RETINAL PHOTOS (RETINAL IMAGING) AND A DETAILED SCAN (OCT) OF THE BACK OF THE EYE

SAFE, QUICK, AND NON-INVASIVE

ALLOWS THE DOCTOR TO IDENTIFY CHANGES BEFORE THEY CAN BE DETECTED ON A STANDARD EYE EXAM

SERVES AS A BASELINE TO COMPARE FUTURE SCANS TO (ALLOWS FOR MONITORING CHANGE OVER TIME)

ESSENTIAL FOR PATIENTS WITH DIABETES, HIGH BLOOD PRESSURE, AND OTHER DISEASES (I.E. HEADACHES OR A STRONG GLASSES PRESCRIPTION)

NEW STANDARD FOR EARLY DETECTION OF RETINAL DISEASE

iWELLNESS Exam Fee is \$49

SCREENING PHOTOS

EIDON RETINAL SCREENING
NO DROPS, NO SIDE EFFECTS
SIMILAR EVALUATION AS DILATION BUT NO AFTER-EFFECTS

DILATION ("DROPS")

DROPS INSTILLED IN THE EYE TO EXPAND THE PUPIL
TO EXAMINE INTERNAL OCULAR STRUCTURES
MAY CAUSE VISION TO BE BLURRED (USUALLY UP-CLOSE) AND SENSITIVITY TO LIGHT
EVALUATION ADDS 30 MINUTES TO STANDARD EXAMINATION
